

INTEGRATED MANAGEMENT SYSTEM POLICY STATEMENT

Atlas Contractors Limited is committed to providing a quality service to all its customers and operates to the ISO 9001 Quality, ISO 14001 Environmental, BS OHSAS 18001 Occupation Health and Safety Management Systems. This commitment extends to ensuring that customer, statutory and regulatory requirements are met at all times.

Its environmental commitment aims to minimize the use of materials and to ensure that paper based products used are from a sustainable source. It is further committed to reduce emissions to land, air and water by complying with all known environmental legislation with the main objective of preventing pollution. This will be achieved by reviewing its processes, emissions and use of resources, and by promoting a continual improvement philosophy throughout all of its activities.

The company believes the promotion of Occupation Health and Safety (OH&S) to be a positive investment in the well being of its workforce. The Company takes very seriously its obligations and responsibilities under the OH&S and related legislation. Its objective is to provide employees with a safe working environment and a safe system of work. In achieving this, the Company regularly reviews it's working practices to ensure that best practices are adhered to or adopted and that safety hazards are identified and accidents/incidents, so far as reasonable practicable, are avoided. In particular, the Company regular monitors the safety of any equipment or machinery provided for use by employees. All employees who use or supervise the use of such equipment or machinery are properly trained in its use (including any health and safety considerations).

The Company is further committed to set, measure and monitor operating objectives in order to continuously improve its performance. The various processes and activities undertaken are written in the procedures and these are readily available to all employees. The procedures themselves are kept under review by the Managing Directors by means of the nonconformance control, auditing and management review processes. These processes maintain the suitability of the existing system and provide a means of implementing improvements on a continual basis. These goals are communicated to all its employees.

The Managing Director is responsible for the overall Health & Safety of the company and its employees.

This policy is itself kept under continuous review.

Nicholas Earley, Managing Director

Atlas Contractors Limited
